Toledo Blade: "The story comes from Boston that Judge Morris, of Toledo, will soon desert the joys of bachelorhood. The Boston *Herald* of a few days ago announced the engagement of the Judge to Miss May Darling, of Hyde Park, near Boston. The young lady is a sister of the late Joseph Ford's last wife. This probably accounts for Judge Morris' prolonged visit in the East." Miss Darling has visited in Napoleon on several occasions, where she has made many friends, who wish her oceans of joy in her new relations.

Ben. R. Willett is demonstrating that feeding wheat at present prices to hogs of the present and more profitable than to feed corn, and a hundred per cent more profitable than to market the wheat in the usual way. He weighed in 24 hogs, fed 32 bushels of wheat in 24 days and weighed out, showing a net gain of 680 pounds. He sold part of the hogs at 5 cents. At that price he sold his wheat in the hog at \$1.06 a bushel. The market price was 48 cents. Other farmers are reaping similar benefit by feeding wheat.—**Bryan Democrat.**

Death of Dr. Magale Emery.
Word reached us last Thursday of the death of Dr. Magale Emery, a former resident of this city, at the home of her mother in Maumee. Dr. Emery removed from Napoleon to Maumee several years ago, and had been practicing her profession at that place since the last few weeks. She was taken ill while visiting a patient, and at that time it was thought her mind had become seriously deranged, but later it was learned that her trouble was of a paralytic form. She was removed to the home of her mother in Maumee, where her condition became rapidly worse, she becoming helpless and speechless.

Her death occurred early Thursday morning, funeral services being held at Maumee Sunday.

Our Schools.
On account of the fair this week the schools will not open until Monday next. The teachers are ready and anxious to resume the work of teaching the young ideas how to shoot, so to speak. All the teachers do not have the last few weeks, and she was taken ill while visiting a patient, and at that time it was thought her mind had become seriously deranged, but later it was learned that her trouble was of a paralytic form. She was removed to the home of her mother in Maumee, where her condition became rapidly worse, she becoming helpless and speechless.
